Re: Oct. 2, 1998 inspections

Tony:

As a follow-up to my e-mail of October 14th, enclosed are photographs from my inspections of the three placer project areas along the Green River in T.5S., R.24E., Sec. 6. The description of the views and some index maps are attached (I need to do a tape and compass of the Bluebell project area). I do not know if situation regarding the UDOGM SMO tracking numbers in the matter of these three separate operations was ever resolved.

We appreciate any assistance your agency can render with regards to getting the operators to commence reclamation. If you have any questions, please contact me at (801) 781-4501.

Sincerely,

Peter K. Sokolosky  
Geologist, Vernal Field Office
